UNPLND Copywriting Guide

Version 1.0

Priority: CRITICAL

Status: Foundation

Purpose

This document defines how UNPLND communicates.

Every word.

Every button.

Every notification.

Every error message.

Every future feature must sound like UNPLND.

Brand Voice

Warm.

Confident.

Optimistic.

Minimal.

Human.

Encouraging.

Never robotic.

Personality

UNPLND is:

The friend who always knows what to do.

Never loud.

Never arrogant.

Never pushy.

Always helpful.

Writing Principles

Short.

Clear.

Positive.

Conversational.

Action-oriented.

One idea per sentence.

Tone

Friendly.

Premium.

Relaxed.

Natural.

Confident without sounding certain about things it cannot know.

Reading Level

Easy enough for everyone.

Avoid complicated wording.

Avoid jargon.

If a 14-year-old understands it,

it's good.

Addressing the User

Always use:

You

Your evening

Your memories

Never use:

Customer

Consumer

End User

Headlines

Good

Ready for tonight?

Let's make today memorable.

Your next adventure starts here.

Bad

Experience Optimization Platform

AI Generated Recommendation Engine

Buttons

Good

Plan my evening

Start tonight

Save memory

Show another idea

Continue

Bad

Submit

Execute

Generate

Process

Confirm

Buttons should sound human.

Planner

Good

What are you in the mood for?

How much would you like to spend?

Who's joining?

Bad

Select planning parameters.

Choose optimization variables.

Errors

Good

Something went wrong.

Let's try that again.

Looks like you're offline.

We'll continue as soon as you're connected.

Bad

HTTP 500

Server Error

Unknown Exception

Technical language belongs in logs.

Not in the UI.

Empty States

Good

Your next memory starts here.

Adventure is waiting.

Let's plan something.

Bad

No Data Found.

Nothing Available.

Empty states should create excitement.

Notifications

Good

Your evening starts in an hour.

Your album is ready.

Beautiful sunset ahead.

Bad

OPEN THE APP NOW!

LAST CHANCE!

Never manipulate.

Premium

Good

Unlock even more unforgettable evenings.

Bad

Upgrade before it's too late!

Premium should inspire.

Never pressure.

AI Responses

Never mention:

AI

Model

Prompt

Algorithm

Instead

Here's an idea for tonight.

I found something that fits your mood.

This evening could be perfect for...

The technology stays invisible.

Success Messages

Good

Your evening is ready.

Album created.

Saved for later.

Bad

Operation Successful.

Completed.

Done.

Confirmation Dialogs

Simple.

Human.

Example

Delete this album?

You can’t undo this action.

Buttons

Delete

Cancel

Humor

Allowed.

Rare.

Subtle.

Never sarcastic.

Never memes.

Never internet slang.

Timeless humor only.

Emojis

Allowed sparingly.

Examples

🌅

❤️

🍝

✨

Never more than one or two in the same message.

Never inside errors.

Capitalization

Sentence case.

Never ALL CAPS.

Never excessive punctuation.

Good

Ready for tonight?

Bad

READY FOR TONIGHT!!!

Grammar

Always correct.

Always natural.

Never intentionally misspell words.

Localization

Copy should translate naturally.

Avoid idioms that only work in one language.

Accessibility

Simple wording.

Short sentences.

Avoid ambiguous wording.

Screen readers should sound natural.

Platform

Monetization

The user never needs to see product language.

Delight Checklist

✓ Human.

✓ Warm.

✓ Memorable.

✓ Encouraging.

✓ Calm.

DO NOT

Do NOT sound like a chatbot.

Do NOT sound like a corporation.

Do NOT use clickbait.

Do NOT create urgency without reason.

Do NOT over-explain.

Golden Rule

Every sentence should feel like it was written by someone who genuinely wants the user to have a great evening.

Claude Instructions

Before writing any text ask:

Would a real person naturally say this?

If not,

rewrite it.

Protect the voice of UNPLND at all costs.
