UNPLND Launch & App Store Strategy

Version 1.0

Priority: CRITICAL

Status: Launch

Purpose

This document defines how UNPLND launches to the public.

The launch is not a single day.

It is a carefully planned process.

Every first impression matters.

Launch Philosophy

Do not launch when the app is finished.

Launch when the core experience feels unforgettable.

Quality creates retention.

Retention creates growth.

Launch Goals

Primary Goal

Create delighted users.

Secondary Goal

Collect meaningful feedback.

Third Goal

Build sustainable growth.

Downloads alone are not success.

Golden Rule

A successful launch is not when thousands download the app.

A successful launch is when hundreds genuinely love it.

Everything else grows from that.

Final Message

Never build features to impress investors.

Build experiences that impress users.

If users truly love UNPLND,

growth will follow.

Protect the mission.

Protect the memories.

Protect the people behind them.

Claude Instructions

Whenever preparing a release,

read this document.

Remember:

UNPLND is not launching an app.

UNPLND is inviting people to create more unforgettable memories.

Never lose sight of that.
